"2013 MBCA SECTION OF THE YEAR"

Gateway News – January February 2016

Volume 44 Issue 1

NEW YEAR'S LUNCH

Sunday, January 10th
Cardwell's – Plaza Frontenac

We are all set for the Section's New Year's Lunch on Sunday, January 10th at **11:30 a.m. at Cardwell's, Plaza Frontenac**. The cost is **\$40 per person** and includes iced tea or coffee, tip, and gratuity. A cash bar will also be available. We will have a choice of one of four selections. **Please RSVP to Liz Vann at Lizyvann@yahoo.com.**

MEMBER APPRECIATION RECEPTION

Saturday, February 20th
Plaza Motors West

Location is **Plaza Motors West at 951 Technology Drive, O'Fallon, MO**. Details are being finalized for this event and we will assuredly be treated well by Sales Manager, Matt McGoogan, Concierge, Ed Trujillo and their staff. They will be showing us the latest and greatest technology on the newest Mercedes-Benz automobiles, along with touring the latest technology in their service department, managed by Herb Williams.

All members are encouraged to attend this festive event on Saturday, February 20th from **10 a.m. – noon** while having fun socializing with other club members. There will be food and drinks, along with "Door Prizes". Make sure you **RSVP NOW to Marti Jacquemin at martijacquemin@gmail.com or 314.822.2903 no later than February 10th.**

A three-year market high was reached after a 1954 Mercedes-Benz 300 SL Gullwing was sold at a price tag of \$1.9 million, as shown on a report from autoevolution.com. The vehicle only had one owner for the past five decades and only clocked 45,697 miles on its odometer. The fact that it was fully restored and comes with original tools, books and belly pans along with an optional Nardi steering wheel accounted for its record high price.

TRAIN DISPLAY

& GATEWAY CLASSIC CARS

Saturday, March 12th
Belleville, IL

Join us for an event at Sonny Sterthmann's friend, Tom Germann's home, for the most spectacular train display you will ever see. Tom is a member of the national Train Collectors Association and Tom has received their highest honor of winning first place for his display. You will be very surprised at all of the work and detail that Tom has put into this display, which fills a very large room in his house.

Viewing this wonderful train display will begin at 1:00 p.m. Afterwards we will travel to Gateway Classic Cars, which houses a large collection of vehicles, all of which are for sale. A BBQ lunch buffet is planned at this location and will include beef brisket, pulled pork, turkey, potato salad, baked beans and coleslaw. **Cost is \$11/person, which includes soft drink and tip.**

The **address to Tom Germann's home is 53 Dianne Drive, Belleville, IL 62220**. You will want to get on IL Hwy Route 15 East, past the Our Lady of the Snows Shrine, to Centerville Ave, exiting at Route 158. Once you take this exit, make a right onto the roundabout and then exit the first right off of the roundabout. You will travel up a hill and Diane Drive will be the second block on your right. Tom's house is located on the left hand side of the street. Watch for a sign that will help you find his house. Directions from Tom's house to Gateway Classic Cars will be provided.

If you will be attending this event, **please mail Sonny a check for \$11 per person, made out to "MBCA, St. Louis Gateway Section"**. Checks are to be received by **March 7th** so that lunch reservations can be finalized. Address is: **Sonny Sterthman, 310 E. Hwy 50, Ste. 1, O'Fallon, IL 62269**. Circle your calendar **NOW** to save the date for March 12, 2016 !

PRESIDENT'S MESSAGE

I can't believe that 2015 has already come to a close. My first year as your club's President has flown by. I hope that you've been pleased with the club events of the past year, and I look forward to seeing you in 2016.

I had a wonderful time at this year's Holiday Party. As always, Luella Perry put on a great event. We were joined by our national MBCA President, Terry Kiwala, and by our own Central Regional Director, Rick Siefert. I also had the pleasure of presenting our St. Louis Gateway Section Member-of-the-Year award to a very deserving, Dodie Frank. Our club would not be the same without her !

I'm very excited about next year's calendar of events, which are listed on Page 17. Many of the specific dates are still being finalized. I'll get the specific dates to you as soon as possible. The joy in belonging to a club like ours, is the friendships to be made. If you've never been to one of our monthly events, I'd encourage you to attend at least one event this year. It's never too late ! We'd love to get to know you !

I hope to see you soon !

Dan

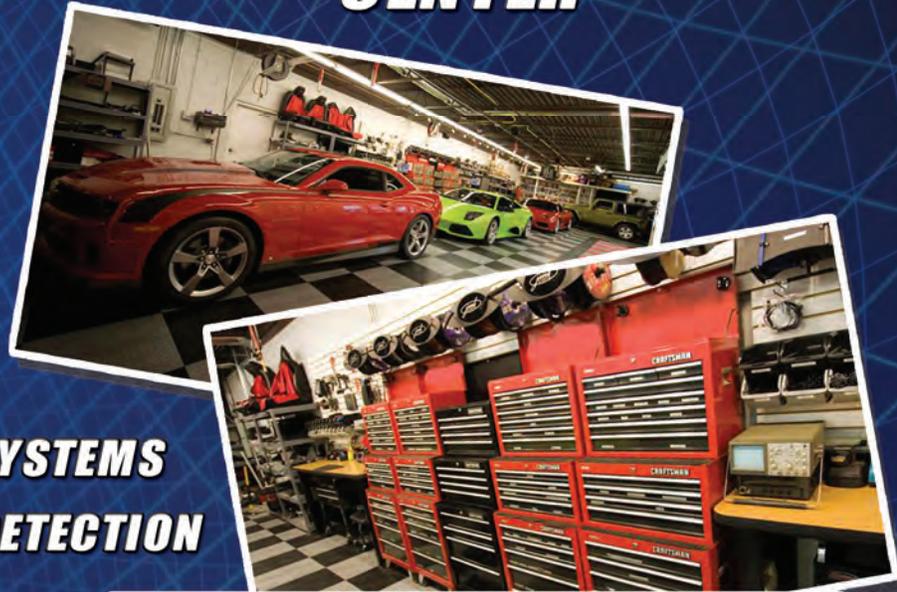

OUR MISSION - The mission of the Mercedes-Benz Club of America, and specifically the St. Louis Gateway Section, is to provide the owners of Mercedes-Benz automobiles a higher level of ownership. This is accomplished by affording club members a unique opportunity to participate and share with fellow members the wonderful experience of owning and driving, what is universally recognized as the first, and continues today, to be one of the finest luxury motorcars in the world.

2017 Mercedes-Benz SL Gets Svelte New Look, Nine-Speed Gearbox

<http://www.motorauthority.com>

By Viknesh Vijayenthiran - Nov 19, 2015

The updated SL goes on sale late next spring, as a 2017 model, and we're glad to report that more power has been added to the base car. The luxury convertible also benefits from Mercedes' latest nine-speed automatic transmission, though the Mercedes-AMG sledgehammers stick with their seven-speed Speedshift autos.

The range kicks off with a new SL450 model, which replaces the SL400 added for 2015. This base model

is still powered by a twin-turbocharged 3.0-liter V-6, but now there's 362 horsepower and 369 pound-feet of torque on tap, up from 329 hp and 354 lb-ft previously.

The SL550 continues with its twin-turbo 4.7-liter V-8, which was upgraded to 449 hp and 516 lb-ft for 2016, while Mercedes-AMG's SL63 and SL65 continue with their respective twin-turbo 5.5-liter V-8 and twin-turbo 6.0-liter V-12 engines. The SL63 is good for 577 hp and 664 lb-ft while the SL65 throws down a massive 621 hp and 738 lb-ft. The V-12 model is the quickest of the bunch; needing just 4.0 seconds to hit 60 mph. Top speed is limited to 186 mph.

Performance of the cars can be adjusted by the standard Dynamic Select driving modes selector. Thanks to this feature, at the touch of a button the driver can adjust numerous vehicle settings such as the setup for the engine, transmission, suspension and steering, ranging from fuel-saving to sports modes.

Endangered Wolf Center – Sunday, November 8th, 2015

On Sunday, November 8th, St. Louis Gateway Section members met at the Endangered Wolf Center in Eureka, MO for a private tour of this interesting facility. The weather was great, with one member driving with his top down. After a class room presentation by our guide we proceeded on a walking tour, where we had access to off-exhibit enclosures where we saw Mexican wolves, African painted dogs, maned wolves and the swift fox.

Endangered Wolf Center – Sunday, November 8th, 2015

In 1971, Marlin Perkins, who was made famous from the 1960's and 70's TV show "Mutual of Omaha's Wild Kingdom", joined a group of individuals and scientists to found the Endangered Wolf Center. For more than 40 years, through carefully managed breeding programs, inspiring educational programs and innovative methods for introducing releasable wolves into their native habitats, the Endangered Wolf Center set out to change the fate of endangered canids. The Endangered Wolf Center's mission is to preserve and protect Mexican wolves, red wolves and other wild canid species, with purpose and passion, through carefully managed breeding, reintroduction and inspiring education programs. This event was an opportunity to see and photograph some truly fascinating animals and learn about their endangered status and what is being done to try to preserve these unique animals. Our thanks to Jennie and Aaron Hible for hosting this great event.

 Lifetime Cylinder Warranty !**

Know Our Sponsors

Lift SuperStore Midwest

Founded on the principle that most automotive enthusiasts would love to have a lift in their garage, yet needed education and information to make a purchase decision – the Lift SuperStore Midwest opened in 2009 in the St Louis Metro area. Owner, Jim Denny has been in the automotive equipment business since 1988, and has owned Autotech Systems, the parent company of the Lift SuperStore Midwest, since 1991, serving automotive repair shops and dealerships with shop equipment, lifts, and service / repair. In order to better meet the rising need for more lift displays, we moved to our new 10,000 sq ft facility in October 2015, which expanded our show room to 3000 sq ft and allowed us to display most every model of lift available in our line. Our lift inventory exceeds 120 units – no need to wait for a shipment. New for 2016 – COLORS !!

The Lift SuperStore chain consists of 10 locations in the US and Canada, founded in 2005 to provide lifting solutions for the home enthusiast. Locations are carefully selected to uphold company quality and safety standards as well as providing premium customer service and support.

The concept is simple – provide an affordable, quality product that is American Lift Institute (ALI / ETL) Gold certified, while offering a local showroom, warehouse, and even an installation

Crew ! Why would you purchase a lift on the internet that you can't see, can't have shipped to your home (weighs over 2000 lbs), have to put together, isn't ALI Certified, and can't get parts or help when needed (offshore manufactured)?? Unsure which lift you would need to fit your storage and/or restoration plans? You can call the Lift SuperStore Midwest to schedule a home assessment where a consultant can discuss your specific needs, vehicles, and existing space to formulate a plan for the best lifting solution.

Want to see the lift in action prior to purchase? Drive your hot rod or sports car on a lift for the 1st time? You can visit our facility in SW St Louis to get the experience firsthand. We stock an extensive inventory of shop equipment, such as air compressors, wheel balancers, tire changers, diagnostic scan tools, and parts for everything that we carry. Our reps are factory trained and certified for installations and repairs. We believe in a simple statement – We Stand Behind Our Lifts So that You Can Stand Under Them !!

We also extend the invitation to local car clubs to add the Lift SuperStore Midwest to their schedule for club meetings, cruise events, and car shows. Our facility sits on 3 acres and includes a sports bar and grill. You can find our display at most of the St. Louis area car shows – just look for the 4-post lift with a car raised in the parking lot !

Call us at (314)330-4330 to schedule your visit to the Lift SuperStore Midwest today or to schedule a consultant visit to your garage.

Don't worry, we can make her right again.

St. Louis Gateway Section Holiday Party
Saturday, December 12th
The Doubletree Hotel

To welcome in the holiday season, members of the St. Louis Gateway Section gathered at the Doubletree Hotel in Chesterfield for our annual holiday party. Also attending was our MBCA National President, Terry Kiwala as well as local resident and Central Regional Director, Rick Siefert.

After some friendly conversation during the cocktail hour, we enjoyed an excellent meal with background entertainment provided by AJ S.R. and Mothers Children.

With the meal completed, our Section President, Dan Valle, thanked everyone for attending and reviewed some of the section events planned for 2016. Dan then announced that our Section Secretary, Dodie Frank, was selected as the 2014 Member-of-the-Year. This award is "In recognition of outstanding achievement in furthering the clubs' goals, aims, and contribution to the general well-being of the Mercedes-Benz Club of America". In addition to all of her other

duties, Dodie has been instrumental in coordinating attendance at many of our section events throughout the year.

Rick Siefert talked about our section's willingness to provide help to other sections in areas such as event planning, newsletter production, website development, and membership management. Rick was followed by Terry Kiwala who discussed happenings within the National Board and some of the MBCA changes that we will see in 2016.

Dancing was now the order of the evening and some of our members showed unexpected talent in this area.

Many members also gathered around an outstanding ice sculpture of a Christmas tree, provided by the hotel. The tree was topped with the MBCA logo, denoting the St. Louis Gateway Section's Section-of-the-Year award last year. All in attendance obviously enjoyed themselves immensely. We want to especially thank Luella Perry for hosting and coordinating the details for this great event. (See event photos on pages 15-16).
