Kate and her staff will be providing us with discussions relative to the latest technology and intelligent drive updates on the vehicles that we have all come to love !

ALL members are encouraged to attend this wonderful event, where we will undoubtedly receive some very interesting information on the newest Mercedes-Benz automobiles, while having the pleasure of socializing with other club members.

So that we are able to finalize our plans, PLEASE RSVP NOW, but no later than February 11th, to Rick Siefert at 314.435.1903 or rick.siefert@att.net OR Frank Perry at 314.839.4862 or frankperry401@msn.com, providing them with your name and how many will be attending. We look forward to seeing you and sincerely hope that you will join us for what will assuredly be a fun and informative event.

AMTRAK TRIP TO KANSAS CITY

Saturday-Sunday March 25th-26th

Mark your calendar NOW for the group's Amtrak trip to Kansas City, scheduled for March 25th and 26th.

We will be boarding at the Amtrak station in Kirkwood, Missouri, at 9:44 a.m. on Saturday – arriving in Kansas City at 2:55 p.m. – Return trip to Kirkwood boards at 4:29 p.m. on Sunday, arriving home at 9:40 p.m. There is parking immediately across Kirkwood Road from the station so you can leave your car there overnight, safely and inexpensively.

The station in KC is connected by a covered and mostly enclosed Skywalk to the nearby Westin Hotel, where a block of rooms will be reserved. The Westin is in Crown Center, which has many activities immediately adjacent and/or connected, including Seaworld, Hallmark Museum, Legoland, shopping center and restaurants. Since we essentially have less than 24 hours in KC for all these activities, we will not overfill your plates with planned events but will let you pick from the many things available to do in the immediate vicinity of our hotel. At this time, we are planning to have a cocktail party in a private room in the hotel and both dinner and breakfast in the hotel's pleasant dining room. The essential by-word for this weekend is "casual, easy, and casual".

We are still in the process of negotiating group rates with both Amtrak and the Westin. In the meantime, all you need to do is put these dates – March 25th & 26th on your calendar and get poised to sign up as soon as we let you know it's time to secure your spots for this fun-filled mini-vacation.

Please contact Conductor - Dodie Frank, at dodiejerroy@yahoo.com or Engineers - Dana Faerber, Luella Perry & Patti Siefert.

Aerie's Riverview Winery and Overnight Stay at Pere Marquette – Saturday - November 5th

On Saturday, November 7th, in great fall weather, members of the St. Louis

Gateway Section caravanned and individually made their way along the Missouri and Illinois rivers on the scenic

Great River Road. Our first stop was at Aerie's Winery. It is situated high on the bluffs overlooking the confluence of the Illinois and Mississippi Rivers in Grafton, Illinois on the edge of a breathtaking panorama of the fertile river valley. There was fine wine and great conversation to go along with the view.

In mid-afternoon our group continued along the Great River Road to Pere Marquette State Park, stopping at the Pere Marquette lodge. Built by the Civilian Conservation Corps during the Great Depression in Pere Marquette State Park, the historic Pere Marquette Lodge is an awe-inspiring structure of limestone and massive timbers made complete with a 50ft vaulted ceiling and a massive 700-ton stone fireplace in the extraordinary Great Room. It also features a hand-crafted, life-size chess set, a terrace overlooking the scenic Illinois River. After checking into the hotel, the section members were on their own to explore the area around the lodge including the visitor center displays and exhibits concerning the Illinois River, wildlife habitat, local history and geology.

Aerie's Riverview Winery and Overnight Stay at Pere Maquette – Saturday – November 5th

We met for a great family style dinner at the lodge restaurant and then embarrassed each other by having long-married couples play the “newlywed game”. On Sunday we met for a nice breakfast and a relaxing ride home from a wonderful section weekend event. Our thanks go out to Patti Siefert and Kathy Kuehn for hosting this fun event

Annual Planning Meeting - Monday, November 7th

On Monday, November 7th, members of the St. Louis Gateway Section met at the Moolah Shrine Center for our Annual Planning Meeting. The first agenda item was wine followed by food and drinks provided by our hosts, Lou and Larry Jones. Larry also gave a short presentation on the history of the Moolah Shriners and the history of the Shrine Center. With the

group in the proper mood, our president, Steve Jacquemin started the meeting with asking for suggestions from the group for events for 2017. As in the past, there was good discussion and great suggestions. Steve then reviewed the suggested events and the group voted on the recommended events. **The list of 2017 events is contained on page 17.** We want to thank all those members who participated in the planning meeting and especially those members who volunteered to host events for the coming year. We extend a special thank you to Lou and Larry for hosting this event.

The Gateway Mercedes Ladies Holiday Breakfast was held on Tuesday, December 6th, at the Hearth Room in Chesterfield. The ladies had wonderful fun playing the Wright Family Game and went home with great Christmas gifts. A big thank you goes to Patti Siefert for organizing this event.

A masterpiece of intelligence.

You don't measure a car's efficiency just at the gas pump. It's also something you feel in its confident agility. How it moves into traffic, or negotiates a surprise. It's how an E-Class always feels right for the times, and in the moment.

Annual Holiday Party – Frontenac Hilton Hotel – Saturday, December 3rd

The St Louis Gateway Section had wonderful attendance at the annual Holiday Party this year, with almost 60 members gathered at the elegant historic Frontenac Hilton Hotel. After friendly conversation, cocktails and hors d'oeuvres, members sat down to a delicious three course meal. Congratulations to Frank and Luella Perry, who were awarded the St Louis Gateway Section's 2016 Member of the Year Award for their ongoing dedication to the Club. We were privileged to have in attendance, Mike Regennitter, Executive Director, and his wife, Lisa, who travelled from Colorado Springs to be with us for this event, together with Rick Siefert (Central Regional Director) and his wife Patti. Steve Jacquemin, St Louis Gateway Section President, reiterated the events from the Planning Meeting held in November and went through each event planned for the upcoming year 2017. We were also delighted to introduce and welcome a new member, Christina Winkler to the St Louis Gateway Section members. After dinner and awards the festivities began with games, merriment and dancing, provided by our favorite D.J., Ryan O'Rourke. Our thanks are extended to Paula Prater and Kay Frank for hosting this event and also to Dana Faerber for collecting the Registrations and money.

A STUDEBAKER 300SL?

By Tom Joslin jalopnik.com

While the modern day luxury excellence of Mercedes-Benz and the memory of the long defunct and very quirky Studebaker don't have a lot in common these days, it wasn't always the case. If you wanted to test drive a Mercedes in America between 1958 and 1963 there was one place to do it: your local Studebaker/Packard dealership.

Although Mercedes built some of its best known and most revered models in the 1950s, for much of the decade the firm was not very well known in America. In 1954, the company debuted its 300SL to the world at the International Motor Sports Show in New York. The company had worked with Max Hoffmann, who was a famous foreign car importer in the 50s and 60s to create the 300SL and bring it to America. Hoffman began importing Mercedes to America in 1952 and was the first to do so. The Hoffman influenced decision to debut a car in the United States, before Germany, was unprecedented. It was clear that behind the American debut was a thinly veiled indication that the company was hoping to expand its American market. Over 1000, of the 1400 300SL coupes produced through 1957, were sold by Hoffman in America. Although these numbers were good, Mercedes ultimately had more in mind; by 1958 the company was looking for different options in America.

Through their agreement, Mercedes-Benz Sales Inc. was formed as a subsidiary of Studebaker-Packard. Mercedes began appearing at Studebaker dealerships throughout the country. While Mercedes began its slow rise in popularity in America, Studebaker was doing everything they could to stay afloat. By the end of 1963, not even the money from the increasingly profitable Mercedes-Benz distribution agreement could save Studebaker. The company had tried everything, including diversification to non-automotive industries, to save itself. These attempts ultimately proved to be too little too late. On December 9, 1963 Studebaker announced the closure of its South Bend, Indiana production facility. 11 days later, the last car Studebaker ever made in America rolled off the assembly line. The company would continue limited production in Canada through 1966.

The combination of Studebaker closing its American factory and increasing sales popularity in America led Mercedes to terminate the remainder of its distribution agreement with Studebaker in 1964. The company did not want to be associated with the failing company. After a 3.75 million dollar buyout of the remainder of its distribution commitments to Studebaker the company established Mercedes Benz of North America as a separate company. It offered dealership franchises to many of the Studebaker dealerships who were aware of Studebaker's impending fate. The result of this is that many of the oldest and most prestigious Mercedes dealerships in America started out selling Studebakers and Packards.
